FOR IMMEDIATE RELEASE

**Unlimited, FREE, Onsite COVID Testing for TableBoost Customers
Keep Your Customers & Staff Safe**

(Manchester, MA, February 24, 2021) TableBoost, a leading Hospitality Facilities Management solution provider, is providing free, unlimited, onsite COVID testing for all employees of our hotel and restaurant customers because it's critical that you provide a safe work environment. And you can test as often as you like; it takes just a few seconds — consider starting off the beginning of each work week with a free test for everyone.

Danny Gandhi, a owner of 3 franchise hotels in New England, is using TableBoost's service to regularly test their employees. "The safety of our employees and our customers is paramount to our success as a company, and is also our duty as good citizens. Getting our employees tested regularly and quickly, without losing hours of work-time has been difficult. We are appreciative of TableBoost offering this convenient, free Covid testing service."

TableBoost's CEO Tim Collins said "As a company, we are committed to helping our hotel and restaurant customers in any way we can. We are delighted to be able to provide free testing for our customers' employees, their families and even their customers; and as often as they want to test."
